EXPERIENCE

Phree Media Technologies, Port Harcourt — Senior Web Developer

JUNE 2021 - PRESENT

- Interpreting client specifications and identifying website user requirements.
- Creating timeframes and work schedules to meet deadlines.
- Communicating effectively with clients and teams.
- Updating records and writing reports.
- Debugging websites and ensuring software documentation is updated.
- Supervising junior web developers, analyzing areas of weakness, and scheduling training sessions accordingly.
- Write or review code for various applications.
- Liaise with designers to decide on UI/UX elements (like graphics and navigation buttons).

Phree Media Technologies, Port Harcourt — Web Developer

JULY 2019 - JUNE 2021

- Used programming capabilities in PHP, SQL and JavaScript and other libraries as needed
- Analyzed requirements and designed, developed and implemented software applications for multiple websites
- Created site layout and user interface using HTML and CSS practices
- Completed full redesigns of existing websites to improve navigation, enhance visuals and strengthen search engine rankings
- Tested websites and performed troubleshooting prior to deployment
- Planned and engineered RESTful web services to manipulate dynamic datasets
- Converted mockups into HTML, JavaScript, AJAX and JSON
- Designed sites to be compatible with top browsers, including Firefox, Chrome and Safari

SKILLS

Unit Testing - *Good*

StayBusy, Nigeria — Web Developer

AUGUST 2018 - SEPTEMBER 2019

- Created site layout and user interface using HTML and CSS practices
- Developed company website using Laravel and by converting designs to HTML code
- Used programming capabilities in PHP, SQL and JavaScript and other libraries as needed

Rivers State College of Health College and Science Technology, Nigeria — Assistant Lecturer

SEPTEMBER 2018 - JUNE 2019

As part of the mandatory one-year service for all graduates in Nigeria, the National Youth Service Corps (NYSC) my primary place of assignment was at the College of Health Science and Technology where I served as an Assistant Lecturer.

- Dispersed, collected and graded assignments to give detailed feedback, including papers, quizzes and tests
- Provided constructive and timely feedback to students to advise on areas of concern and suggest improvements
- Tracked student assignments, attendance and test scores and entered into an online database to provide real-time progress monitoring
- Maintained regular office hours to help students with questions and provide educational support
- Developed easy and open rapport with students to encourage connected, enjoyable atmosphere

Hotels.ng, Nigeria — Project Manager

OCTOBER 2017 - JULY 2018

At hotels.ng I was in charge of managing projects, making sure that the projects stayed within the project scope, made sure projects were also delivered on time. Also acted in the position of general program manager for the annual internship held by the company where I was in charge of funds and the DevOps Cycle of projects created during the internship.

- Sourced additional resources and staff to meet timeline demands
- Delivered projects to predetermined budget, maintaining time parameters and quality standards
- Maintained tactical control of project budgets and timelines to keep teams on-task and achieve schedule targets
- Closely collaborated with project members to identify and quickly address problems
- Performed detailed assessments of risks to determine constraints and develop mitigation strategies

CERTIFICATIONS

Microsoft Professional Program in Front-End Web Development - Issued May 2018

DPR Basic Offshore Safety Induction and Emergency Training - Issued May 2018
Expires April 2023

Hotels.ng, Uyo — *Web Developer Intern*

AUGUST 2017 - OCTOBER 2017

I was a finalist in the hotels.ng internship 3 where I was part of the software developer interns where we developed internal tools for hotels.ng.

- Studied basic project requirements with assigned technical lead and planned development strategies
- Collaborated with project managers, testers, end-users, and distributors
- Researched and developed new technology designs
- Designed and implemented web components across new and existing designs
- Utilized scripting languages, content creation tools, management tools, and digital media to design web sites
- Developed user interfaces with modern JavaScript frameworks, HTML5 and CSS3

Ineresthing, Uyo — *Customer Care (Ad-Hoc-Staff)*

JULY 2017 - JULY 2017

I was an onsite staff for the IoT awareness event held by interesting where I was placed in a team where we provided on the spot customer care and answered company networking related questions.

My accomplishments were:

- Quickly and accurately answered customer questions, suggested effective solutions and resolved issues to increase customer satisfaction 100%
- Reached out to customers after completed sales to suggest additional service or product purchases and inquire about needs or concerns
- Promptly responded to inquiries and requests from prospective customers
- Promoted available products and services to customers during service, account management and order calls

Sutchelinks, Port Harcourt — *SIWES Intern*

APRIL 2016 - SEPTEMBER 2016

I served as a web developer/network engineering intern as part of the mandatory 6 months Student Industrial Work Experience Scheme (SIWES).

My accomplishments were:

- Acquired and maintained advanced knowledge of networking protocols, including Routing Information Protocol and Open Shortest Path First Protocol
- Mastered emerging technologies to offer technical direction and creative solutions

- Adhered to best practices for software development methodology and web security
- Troubleshoot and debugged code ensuring compatibility with devices, browsers, and operating systems
- Acquired basic knowledge of web development, mainly HTML5 and CSS3

EDUCATION

University of Uyo, Uyo — *Bachelor of Engineering*

DECEMBER 2012 - NOVEMBER 2017

I was awarded a Bachelor of Engineering (B.ENG.) degree in Computer Engineering after completing the mandatory 5 years Computer Engineering coursework at the University of Uyo.
