

# David Oladipupo Adewale

Software Engineer

**Address:** Ifako Ijaye, Lagos, Nigeria

<https://github.com/psalmistcom>

**Phone:** +234 810 508 1738

**Email:** dadewale9@gmail.com

Tech-savvy innovator with hands-on experience in emerging technologies and passion for continuous improvement. Skilled in identifying opportunities for technological enhancements and implementing effective solutions. Adept at leveraging new tools and methods to solve problems and enhance productivity. Excels in adapting to fast-paced environments and driving technological advancements. While I am not working on projects, I enjoy sharing my knowledge of programming by teaching others.

## Skill Highlights

- Friendly, Positive Attitude
- Teamwork & Collaboration
- Computer Skills
- Design Expert

- Agile

## Work History

HackCity Tech Inc. (Software Team Lead)

Lagos, Nigeria (Remote) | September 2020 – September 2024

- *Developed comprehensive project plans, ensuring timely completion of tasks and delivering client satisfaction.*
- *Exceeded client expectations consistently by delivering exceptional results through strong leadership, efficient processes, and clear communication.*
- *Collaborated with other department leaders to ensure consistency in approach across all projects within the organization.*
- *Optimized resource allocation across multiple projects simultaneously without compromising quality or timeline adherence.*
- *Negotiated contracts with vendors, securing the best possible terms for the organization's benefit.*
- *Managed budgets and allocated resources effectively, reducing costs while maintaining high-quality deliverables.*
- *Proved successful working within tight deadlines and a fast-paced environment.*

Africa Agility (UX/UI Faculty Lead & Web Facilitator)

Lagos, Nigeria (Hybrid) | March 2020 – June 2022

- *Effectively tutored an average of 150 young graduate ladies in Product Design using Figma, frontend (HTML, CSS, and JavaScript) and backend (Node.js, MongoDB) development in different bootcamps.*
- *I mentored teams in the hackathon by validating their ideas, suggesting people, discussing their viability, and encouraging collaboration amongst the team.*

Schemelink Properties (Web Developer)

Lagos, Nigeria (Hybrid) | January 2019 – March 2019

- *Developed an accounting web application for the company in the space of 3 months. This application reduced the cost of monthly subscription and increases the company's annual returns.*
- *Redesigned and developed the company's website with the use of ReactJs and PHP/Laravel*

- *Collaborate with the marketing team by introducing them to digital applications which increases the sales of properties within 3months.*

## City Planners Properties & Investment Limited. (Web developer & Graphic Designer)

Lagos, Nigeria (Onsite) | February 2012 – December 2018

- *Prepare files for print production and ensure designs are optimized for digital use.*
- *Build and maintain the company's website using wordpress.*
- *Work closely with marketers, project managers, and other senior members of staff to understand new project requirements and ensure successful design implementation*
- *Create visual designs and concepts that effectively communicate ideas and messages for various media (web, print, social media).*
- *Design layouts for advertisements, brochures, and other marketing materials. Use software (like Adobe Photoshop corelDraw) to manipulate images and graphics.*

## OTS Computers (Computer Appreciation & Graphic Designer Facilitator)

Lagos, Nigeria (Onsite) | April 2009 – February 2012

- *Teach students the basics of computer operation, including hardware, software, operating systems, and file management.*
- *Provide hands-on training in commonly used software applications, such as word processors, spreadsheets, presentation tools, and email clients.*
- *Educate students on internet safety, online research techniques, and effective communication through digital platforms.*
