Location: Port Harcourt, Nigeria

Professional Summary

A highly motivated and detail-oriented Front-End Developer with expertise in modern web development frameworks. Passionate about creating intuitive and responsive user interfaces. Strong collaborator with experience mentoring students in technical bootcamps. Skilled in JavaScript, React.js, and UI/UX principles.

Work Experience

Front-End Web Developer

MR International, Port Harcourt, Nigeria

April 2023 – November 2023

(80% TECHNICAL DEVELOPMENT / 20% MENTORSHIP & COLLABORATION)

- Designed and developed user-friendly web interfaces, ensuring accessibility and responsiveness.
- Utilized React.js, Next.js, and Tailwind CSS to build efficient and scalable front-end applications.
- Led and mentored students of all age groups in technical bootcamp settings, improving their understanding of front-end technologies.
- Collaborated with developers and designers to create seamless user experiences.
- Managed version control and code deployment using Git and GitHub

Education

Rhema University Nigeria, Aba, Abia State

Bachelor's Degree in Computer Science (Expected September 2024)

- Specialization in software development principles and front-end technologies.
- Hands-on experience in JavaScript, React.js, and back-end technologies like Node.js.

Technical Skills

- **Languages & Frameworks:** JavaScript, TypeScript, HTML5, CSS3, React.js, Next.js, Redux, Tailwind CSS
- **Back-End Technologies:** Node.js, Express.js, MongoDB
- **Tools & Version Control:** Git, GitHub, Vite

Projects & Achievements

- **Credit Card Fraud Detection System (30% Data Analysis | 70% Algorithm Development):** Developed and implemented a simulation to analyze fraudulent transactions, improving fraud detection accuracy.
- **Secure Storage Unit (40% Security Implementation | 60% UI/UX Development):** Built a cutting-edge storage unit with two-factor authentication (2FA) using QR codes and OTP authentication.
- **Technical Training (50% Curriculum Development | 50% Student Engagement):** Tailored lessons to optimize learning outcomes for students in bootcamp settings.
- **KPI Task Tracker (60% Backend Development | 40% Frontend Implementation):** Designed, built, and maintained a KPI-based task tracking system for a UK-based remote company, improving team performance tracking and productivity.

Additional Information

- Open to remote opportunities and international collaborations.
- Passionate about front-end development, UI/UX design, and mentoring aspiring developers.
