Professional Summary

Dynamic and skilled web developer with expertise in PHP, Javascript, CSS, HTML, and React js. Proficient in Laravel Framework and experienced in database management using MySQL and MongoDB. Adept at utilising Git for version control to ensure seamless project collaboration. Committed to leveraging technical skills to drive innovative solutions and enhance user experience.

Job Experience

Software Developer, Werk App, Lagos

Technologies: PHP (OOP), MySQL, JavaScript (AJAX), HTML/CSS, MVC Architecture

- **Full-stack development** of **Werk**, a service marketplace connecting clients with local handymen, using **PHP (OOP)** for backend logic and **MySQL** for structured data storage.
- **Frontend Optimization:** Implemented **AJAX-driven forms** with JavaScript, reducing page reloads and improving user interaction speed by **40%**.
- **Backend Architecture:** Designed scalable **MVC-based system** with secure **user authentication**, **role-based access control**, and **session management** for safety.
- **Database Design:** Structured relational database schemas for optimal query performance, reducing load times by **30%** for high-traffic searches.
- **UI/UX Improvements:** Developed a responsive frontend with **mobile-first CSS**, ensuring seamless access across devices.

Software Developer, BookHive, Lagos

Technologies: Laravel (PHP), MySQL, JavaScript (AJAX), Bootstrap, MVC

- Developed **BookHive**, **community-driven platform** for book enthusiasts to post, discuss, and rate books using **Laravel (MVC)** for structured backend logic.
- **Interactive Features:** Implemented **real-time comments & likes** using **AJAX**, eliminating page reloads and improving engagement by **50%**.
- **Database Optimization:** Designed efficient **MySQL relational schema** with proper indexing, reducing query times by **35%** for high-traffic feeds.
- **User Authentication:** Integrated **Laravel Sanctum** for secure API-based sessions, enabling seamless frontend interactions without compromising security.
